Don Spencer/Allan Caswell

Published by MCA-Gilbey

Chorus

Parrot fashion, that's my passion,
As they fly across the Aussie skies
Like a rainbow on the move.
Parrot fashion, colours splashing,
Red and yellow, pink and orange,
Purple, green and blue.

And with the lovely lorikeets it's colour all the way.
The brilliant bright rosellas are charming little fellows,
And in the parrot fashion stakes they always have their say.

'Cause they've got...

Chorus

In fashion news the cockatoos are really a delight.
They use a tasteful yellow crest to set off the basic white.

'Cause they've got...

Chorus x 2

Red and yellow, pink and orange,
Purple, green and blue.
