## **SHE'LL BE RIGHT MATE**

Don Spencer/Allan Caswell

Published by MCA-Gilbey

Here's a little Aussie phrase,  
To brighten up your days,  
It's used throughout the nation.  
And it always seems to fit,  
You'll hear people using it,  
In every situation...

### *Chorus*

Just say ...

**She'll be right mate - no worries!  
She'll be right mate - no sweat!  
It may sound simple but it works for me!  
Why don't you try it for yourself and see?  
Say "She'll be right mate - no worries!  
She'll be right mate - no sweat!"  
Always remember that it's up to you,  
Things will get better if you want them to.**

All you've got to do,  
When you're feeling blue,  
Is tell yourself to keep smiling.  
And pretty soon that cloud,  
That follows you about,  
Will have a silver lining!

### *Chorus*

Always do your best,  
At everything you do,  
And never give up trying.  
But whenever things go wrong,  
Just sing this little song,  
It's better than crying!
