THE BARRIER REEF

Don Spencer
Published by MCA-Gilbey

Verse One

There's a fabulous place off the northern coast of Queensland,
It's one of nature's wonders of the world.
An amazing world of coral that's quite beyond belief,
And this tropical water miracle is called the Barrier Reef.

Chorus

Crystal clear waterway,
Sunshine glimmering,
Lighting the ocean for us to see.
Magical creatures,
Colours so beautiful,
Oh what a wonderful world it can be.

Verse Two

A world of silence and mystery, a timeless wonderland.
A masterpiece of beauty, painted by nature's hand.
A world forever in motion, gently rocked by the sea,
Treasures unfolding, wonders for us to see.

Repeat Verse Two

Chorus

Oh what a wonderful world it can be.
