

Don Spencer

THE (SOLAR POWERED, PRACTICAL, COMBUSTIBLE, COMPACTABLE, RESPONSIBLY, RECYCLABLE) MACHINE

HERE'S MY CONTRIBUTION, TO FINDING A SOLUTION
TO THE PROBLEMS OF POLLUTION OF THE EARTH
FOR ACCORDING TO OUR SOURCES, THERE ARE CERTAIN WORLD OF RESOURCES
THAT ARE CAUSING FAR MORE PROBLEMS THAN THEY'RE WORTH
FOSSIL FUELS ARE RUNNING OUT AND DIRTY
AND ATOMIC POWER'S GOT IT PROBLEMS TOO
MAY I BRING TO YOUR ATTENTION
MY ASTONISHING INVENTION
WHICH NOW I PROUDLY INTRODUCE TO YOU...

CHORUS

IT'S SOLAR POWERED, PRACTICAL, COMBUSTIBLE, COMPACTABLE, RESPONSIBLY, RECYCLABLE MACHINE

POLLUTION FREE AND NOISELESSLY

IT OPERATES EFFICIENTLY AND IT'S PAINTED IN A LOVELY SHADE OF GREEN

ITS EMISSIONS ARE EXTREMELY OZONE FRIENDLY

AND IT EATS UP FLUORO-CARBONS LIKE A DREAM

IT'S A SOLAR POWERED, PRACTICAL, COMBUSTIBLE, COMPACTABLE, RESPONSIBLY, RECYCLABLE MACHINE

(I'LL SAY THAT AGAIN)

IT'S A SOLAR POWERED, PRACTICAL, COMBUSTIBLE, COMPACTABLE, RESPONSIBLY, RECYCLABLE MACHINE

IT'S FUELLED GARBALOGICALLY, BY RUBBISH THAT WE USED TO SEE
PILING UP IN DUMPS AROUND THE PLACE
OLD MOTOR CARS AND AEROPLANES
AND WASTE THAT USED TO BLOCK THE DRAINS
RECYCLED IN THE MINIMUM OF SPACE
TYRES AND CANS AND EVEN PLASTIC BOTTLES
IT USES ALL THE RUBBISH THAT YOU'VE FOUND
AND WE'RE GOING TO HAVE IT CUSTOMISED
TO INDUSTRIAL AND FAMILY SIZE
AND ECOLOGICALLY, YOU KNOW, OF COURSE IT'S SOUND...

CHORUS
